

QAM Channel Lineup

Please note: All Digital TV's with a QAM Tuner are different. Some QAM tuners may not recognize the whole channel numbers associated with the new channel lineup. After re-programming the channels on your TV (Auto Channel Scan/Search), you may still be required to enter fractional numbers with a decimal point or a dash. For those TV's, please refer to the channel listings below. Thank you.

Channel #	Network	Channel #	Network
